## TRAINERS NEEDED

Tootelage, Inc. is a start-up focused on helping families better support their child's academic success in math. We have a PreK – Grade 8 print product that will be supported by a series of family math nights, for which we are seeking experienced math educators.

### DETAILS

---

**Number of trainers needed:** We are seeking 8 – 10 additional trainers to conduct family math nights.

**Timeline:** The family math nights will begin in late Jan / early February through June in schools throughout NYC, though we have a particularly large number of schools in the Bronx and Brooklyn. We anticipate that the math nights will be 90 – 120 mins long, but some school clusters may only wish for 45 – 60 min sessions.

**Schedule and hours:** The schedule and number of hours is flexible. Trainers can do as few as 1-2 sessions per month; they may also specify their preferred days and times (e.g. only weekends, only weeknights after 5pm, etc.), though that may serve as a constraint on the number of sessions that they will be invited to teach.

**Training and support:** Trainers will receive training and a script for the family math nights and will have access to our instructional coaches if additional support is needed.

**Compensation:** Compensation will range from \$85 – 100 per hour, depending on skill set and experience. We will pay ½ of that rate for trainers to attend the training session.

### ELIGIBILITY

---

We are seeking educators who:

1. Are strong current or former teachers and/or math coaches (minimum of 5 years)
2. Are very comfortable with math (ideally using a constructivist approach)
3. Are familiar with the Common Core State Standards
4. Believe in the ability of parents and families to impact student achievement and are comfortable engaging with them
5. Have experience working with Title 1 families (desired, but not required)
6. Are bilingual - Spanish (desired, but not required)

NOTE: Trainers may not be currently employed by the NYC DOE or retired from the NYC DOE within the last year.

Please contact Lisa Dare at [lisa@tootelage.com](mailto:lisa@tootelage.com) if interested.
